# JACK ZANE DEDICATION

The Maryland basketball staff dedicates its 2000-01 media guide to the devoted service and longtime commitment of Jack Zane, Executive Director of the Walk of Fame and History, of Maryland's new Comcast Center.

Zane, whose tenure as student and staffer at Maryland began in the mid-1950s, has filled numerous roles

within the Terrapin athletic department and has tauched many lives during his 46 years of dedication. Most notable in Zone's career has been his over-30 years in the Maryland sports information office. He is an active historian and walking archivist for the university's athletic department, thus proving a perfect fit to oversee administrative efforts with the new arena's walk of fame, to be unveiled in 2002-03. His years as sports information director were marked by friendly service to staff, coaches, athletes and media, alike. He is still an active member of the College Sports Information Directors of America (CoSIDA) and was inducted into the organization's Hall of Fame after serving as its president in 1986. He received CoSIDA's Lifetime Achievement Award at its 2000 summer convention in St. Lauis.

Zane was the assistant sports information director at Maryland from 1960-62, and the SID from 1969-86. During that time he helped publicize numerous All-America athletes including Randy White, Boomer Esiason, Buck Williams, Tom McMillen, Len Elmore and Tom Brown. He worked directly with 11 Terrapin football bowl teams and seven men's basketball teams that participated in the NCAA Tournament. Zane was also the sports information director for the 1975 Terrapin men's lacrosse team that won the NCAA championship.

Zane was promated to assistant athletic director in 1981. He began his career in sports informatian as a Maryland student un-

der the legendary joe f. blair in 1958. Upan his graduation in 1960 he was named as the first full-time assistant SID in school history. He was the SID at George Washington University from 1963-69.

He was the first executive sports editor of the Diamandback, the school newspaper, and was a member of the Sigma Delta Chi journalism fraternity as an undergraduate student. He graduated from Maryland in 1960 with a bachelor's degree in journalism.

Zane, who has been a member of CaSIDA since 1960, was a member of the NCAA public relations committee for six years and was also a six-year member of the NCAA public relatians/promotions committee. He was inducted into the University of Maryland Athletic Hall of Fame in 1986.

He has served the department of athletics at Maryland as director af ticket operations since 1986 and began his new assignment this past July.

# Terps Rank Among Nation's Leaders in Men's Basketball Altendance

The University of Maryland men's basketball team has ranked in the Top 20 among national attendance leaders for three straight seasons. After averaging 13,377 fans and ranking 20th in the cauntry in 1998, the Terps set a school record with a 14,474 average in 1999 while ranking 15th nationally. Last year, Maryland continued to draw capacity numbers at Cole Field House, averaging 14,148 fans and ranking 17th.

In 1998-99, the Terps' average attendance established a school-record for the second consecutive season and marked only the third time in school history that the program had overaged more than 14,000 fans in a single season. The 2000 Terps eclipsed the 14,000 plateau for a fourth season.

Last season, the Terps also set a school record and ranked 10th nationally by playing in front of 503,648 fans overall. That figure was up from a No. 12 ranking when the Terps played before a previous school-record 473,626 fans in 1998-99. Maryland has played before at least 400,000 fans in three consecutive seasons.

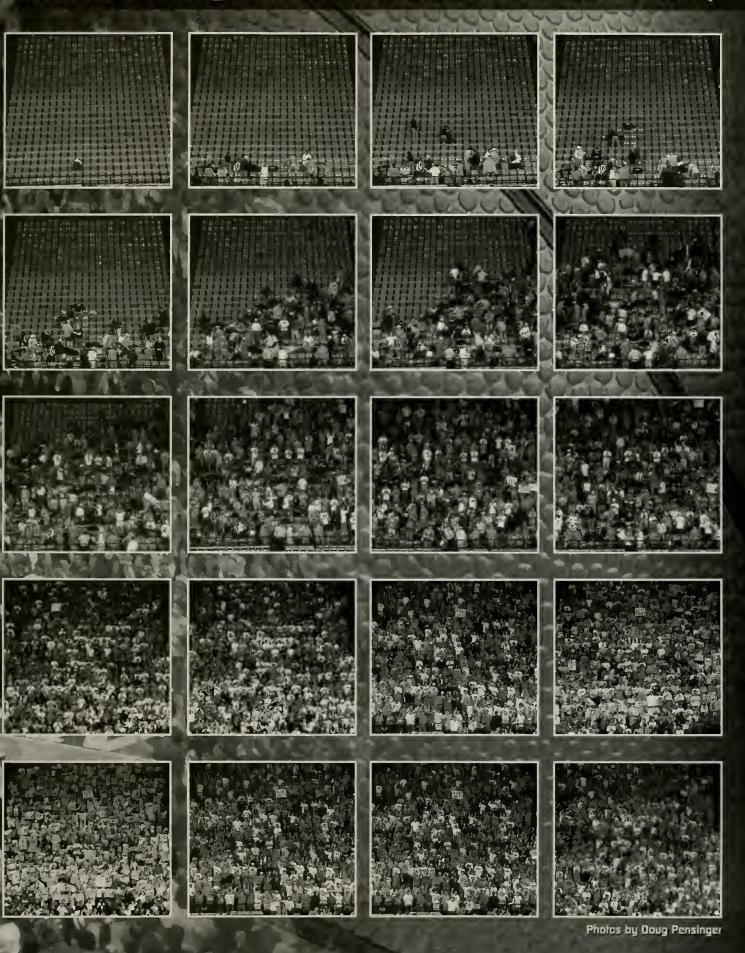

Maryland's school-record home attendance average in 1999 included 14 sellouts (all but one regular season game) and 15 games with crawds over 13,500. Maryland played to 99.8 percent capacity for the entire season in the 14,500 seat Cole Field House.

Maryland has averaged more than 13,000 fans for every home game in each of the last six seasons. The Terps have appeared in a school-record seven consecutive NCAA Tournaments.

During the last seven seasons, the Terps have achieved six of the top seven single-season home attendance overages in school history. Nearly 1,400,000 people have come to Cole Field House in the last seven seasons (13,701 average in 101 games) as the Terps have forged the longest non-conference home winning streak in the nation (71 games). The Terps have an 88-13 record (87.1 winning percentage) in the last seven seasons at home and were a perfect 16-0 in Cole during the 1994-95 season.

Maryland has averaged more than 12,000 fans during each of the first 11 years of the Gary Williams Era. Since the beginning of the 1990 season, more than 1.5 million people have come to Cole to see the Terps win at a 78.4 percent clip. During Williams' tenure, the Terps have won at least 10 home games 10 times in 11 seasons, and averaged more than 12 wins a season at home.

53 WINS OVER LAST TWO YEARS

# 0-01 Season Preview 2000-01 MARYLAND BASKETBALL

# 2000-01 Season Outlook

CC: Always Competitive Conference. Same might substitute "challenging" in place of "com petitive." And this season, "astoundingly" might be appropriate in place of "always." Regardless, among college basketball leagues nationwide the Atlontic Coast Conference is annually regarded among the elite.

ACC: Additional Crowns to Conquer. The task ahead of **Gary Williams** and the University of Maryland men's basketball program is dounting – win a conference championship, achieve a record eighth consecutive trip to the NCAA Tournament, and continue pursuit of everyone's ultimate prize: a national championship.

For Maryland basketball, what has became commonplace during the Gary Williams Era will remain the standard in 2000-01: intense play, a breakneck pace spurred by aggressive defense, averflow crawds and a night-in, night-out battle to remain among the upper echelan of the Atlantic Caast Conference.

What has changed, however, if even just slightly, are expectations. And those expectations are natural, af caurse, when five starters, three All-America candidates and 10 letterwinners return from a 25-win team that finished second in the rugged ACC for a second straight season. It is those expectations that may present the single largest thorn in the side for the Terps as they enter play in the 2000-01 season.

Commented Williams, "I like the expectations. I think you have to be proud that people think your team's going to be a good basketball team. "

The Terps are good, and are deserving of preseasan rankings among the natian's tap five teams. Though it was only a year ago that after losing three key starters to the NBA, and with a freshman point guard among three new starters, expectations were not high. Barely tap 25, in fact. That is, until Williams molded a little Maryland magic last year while blending freshman guard **Steve Blake**, first-year saphomare starters **Juan Dixon** and **Lanny Baxter** and returning All-America farward **Terence Morris** to create a formidable quartet that led the Terps to their fourth consecutive 20-win seasan.

And so, as Williams prepares and strategizes for this season, three key concerns prevail:

First and probably foremast is the returning strength throughout the ACC. Nat just Maryland, but as many as six schools return virtually their entire storting lineups. How to compete in a league with three schools ranked in one preseasan poll among the tap five teams in the country, and three others already inside ar banging on the doar to the tap 20? That is a valid question as Maryland, Duke, North Carolino, Wake Forest, NC State and Virginia all enter the year with visians of ACC prominence. That's six of nine schools. Prominence doesn't extend that deep.

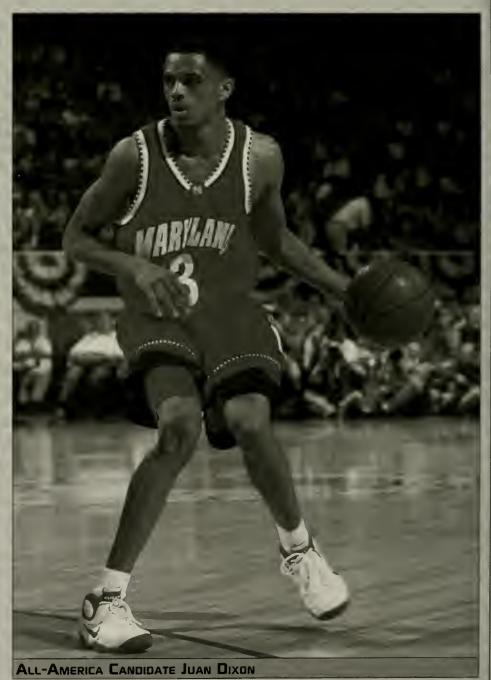

"Within the league," said Williams, "I would think there will be five teams at least that will be ranked among the top 25. We can't get cacky just because preseasan expectations will be high. Within our league, alane, it's very difficult to assume anything about haw good we are. It's going to be a very taugh year in terms of the number of taugh teams that we campete against." A second key is how to retain the warkmanlike approach that earned last year's "rebuilding" effort the accolades as one of the nation's most-feared teams. In other words, in coach-speak, "let's try to remember what gat us here. Let's put aside all those press clippings and get back to wark."

Adds Williams, "I think when people see our team, they see everyone back and assume we'll just pick up from where we wan 25 games last year. But the thing I've found out in coaching is that each year your team is different, you have a couple of new guys to add to the team, and so it takes the same effort every year to make yourself into a good team."

22

"One of our other primary concerns has to be complacency, thinking that because we were good last year and people say that we're going to be good this year, that it means we're automatically going to win games. Each year, teams really determine for themselves how good they can be by their effort. Not just effort when the game starts – you have to have it every day in practice. The one thing we had last year was a great practice team. There were very few days when we didn't show up ready to practice. If we can continue to do that then I think we'll be a good basketball team."

And third for Williams, is how to continue molding newcomers into the mix. Among the new players this

season is former Tulane scoring leader Byron Mouton, who served an NCAA-required redshirt season last year after a transfer from the Green Wave. Another addition is freshman forward Chris Wilcox who could go a long way in aiding the Terps' depth in the paint behind Baxter and senior big man Mike Mardesich.

Without question, the Terps will make another run at the top of the ACC and bid for at least an NCAA Sweet 16 appearance for the fifth time in eight seasons. Only time will tell how far they will go. Here is a closer look at Williams' cast for the upcoming season.

# GUARD

All successful teams boast an impressive point guard and last season proved the adage to be accurate as then-freshman **Steve Blake** energized the Terrapin program in his first college season. Taking over the team's primary ballhandling duties after the loss of backcourt mates Terrell Stakes and Steve Francis, Blake received some early lessons in ACC and national basketball wars and proved to be a quick study. His education continued during summer 2000 while playing with the USA Basketball U-20 Team.

Averaging 7.0 points as one of five Terrapins to knack down more than 30 3-pointers last season, Blake was chosen to the ACC All-Freshman team, earned All-ACC honorable mention merit and finished third nationally among freshmen with 6.2 assists. His 71 steals trailed only Juan Dixon's team-high 95.

And it was Dixon, now a junior, with whom Blake joined to form a combination that was electric both in moving the ball up the floor and giving opponents fits while on defense.

While Blake became one of the country's top freshmen, Dixon erupted all the way to All-America status. The Baltimore native became the ACC leader in steals (2.7) while pouring in 18.0 points per game to pace all Terrapin scorers with his aggressive, tough-minded, daring offensive repertoire. Dixon led the Terps with 49 3pointers, finished second in the ACC in scoring, earned first team All-ACC honors and placed national All-America vaters on full-alert status.

Returning by their side this year is sophomore sharpshooter **Drew Nicholas** who averaged over 15 minutes while appearing in all 35 games and averaging 5.1 points. In only half the time, he joined Blake and Dixon in the "over 30" 3-point club, scoring 31.

Perhaps the greatest impact player for the Terps this season will be junior **Byron Mouton**. Right away, the Terps' biggest and strongest backcourt member, the Terps not only add a new dimension to their backcourt, but add a faurth significant talent that would be a worthy starter on most teams. At 6-6 and 215 pounds, Moutan is quick enough to fill a guard slot, yet strong enough to see time inside at forward, also. He combined to average 13.5 points as Tulane's leading scorer as a freshman in 1998 and a sophomore in 1999, and his addition this season could elevate Maryland's quality depth in the backcourt to unrivaled status.

Mouton and returning junior **Danny Miller** both are players whose roles can fluctuate between a shooting guard and a small forward. Together, they make the Terps versatile with a big perimeter. Apart, their contrasting styles create difficult matchup situations.

# ALL-AMERICA CANDIDATE TERENCE MORRIS

# FORWARD

When talking about the finest in the country, how do you exclude **Terence Morris**? You can't. He's an unselfish, do-everything talent who Williams and the Terps hope will command an even greater leadership presence in 2000-01.

At 6-9, Morris rebounds with the best in the ACC and scores from inside ond out. He's a crowd-pleasing, rim-rattling finisher on the break, and his 35 treys last

23

season proved his ability to score from long-distance. Add to that package 53 steals and 71 blocked shots, and you have an all-around performer that is second to none. Morris averaged 15.8 points and 8.6 rebounds last season while completing 12 double-doubles. He has been named an honorable mention All-American for three straight seasons, and when opting to return to Maryland for his senior season, automatically placed his name atop preseason All-America charts for his final campaign.

e Marris, the Terps are nearly as deep at us they are in the guard rotation. Marris is a up cal swing farward whase interior play is equal of int on the perimeter.

Joining Marris on the autside in a small forward ole are utilitymen Miller and Mautan.

Miller's 3-point provess virtually matched that of his mare-publicized teammate. Miller, 6-B, shot 34 of 95 beyond the arc in 1999-00 (Marris was 35 of 96), averaged 8.5 points and finished third on the the team with 2.7 assists. Often the mast unsung member of last year's starting cast, Miller storted in 34 games, reached double figures an 15 occasions, and was one of four Maryland players to lag over 1,000 minutes.

Mautan, physically the Terps' strangest guard, may also be Maryland's quickest farward. His rale lends itself to a farward slat in smaller lineups.

Helping Marris anchar the interior forward slot are four different athletes who give Williams considerable flexibility. Senior **LaRan Cephas** has seen consistent minutes in 50 games off the bench the last three seasons, but making the biggest impact behind Marris last season was newcamer **Tahj Halden**. Daubling as the Terps' center but versatile enaugh to run in a pawer forward slot is junior All-America candidate **Lanny Baxter**. And working into the rotation both at forward and center as a freshman this season is the much-ballyhoaed 6-10 Chris **Wilcox** of Raleigh, N.C.

Holden, a saphomare, presents appanents with much the same package as Marris, though slightly thicker and nat quite the autside scaring threat. Playing in 35 games last season, he averaged 3.3 points and 2.0 rebounds while contributing just over 12 minutes per contest. He did earn three starts due to injuries in the lineup, hawever, and when given appartunities, he made the mast of them. When Marris went dawn against Wake Forest, Holden came off the bench to contribute 17 points and six rebounds in just aver 1B minutes. A game later while starting in place of Marris, he natched a 12-point, 10-rebound dauble-dauble at Clemsan.

# CENTER

The center of attention much of last season was Lonny Baxter. Joining Dixan as a previously unheralded and little-thaught-of saphomore, Boxter muscled all the way to an All-ACC first team selection. At 6-8 and 260 pounds, the burly juniar enters his third college season as one of the ACC's most difficult players to defend – and one of the mast lethal on the offensive boards.

In a big lineup with 7-faater **Mike Mardesich** in the past, Baxter is left to bang with undersized power forwards. In the past himself, mast college centers nat anly struggle with his size, but his soft hands, affensive shooting touch and a remarkable finesse far a man his size.

Boxter averaged 15.6 points and 8.8 rebaunds last season. He led the ACC in blacked shats and affensive rebaunds, and was secand in rebaunds averall. Since assuming the starting rale two years aga after a seasanending injury ta Obinna Ekezie, Baxter has passionately warked his way to ACC stardam. His 12 double-doubles matched those of teammate Morris. His 31-point, 10rebaund effort was key in bringing the Terps fram be-

ALL-AMERICA CANDIDATE

hind to defeat NC State last season, and his 24 points and 10 boards one game later helped Maryland defeat Duke in a landmark victory in Durham.

Simply put, Baxter is a load to handle. But even when he is out of the lineup, Mardesich has shown glimpses af greatness, himself, including a memorable rale from the time he was a freshman in 1998, scaring 12 paints with nine rebaunds in 34 minutes of an upset af top-ranked Narth Carolina. Though not the Terps' cansistent "go-ta" man in the middle, Mardesich averaged 2.9 rebounds while playing in over 13 minutes of every game as a junior. One of three Terp seniars in 2001, his three seasans and 101 games of callege experience will prave invaluable — whether it be jaining Baxter in an aversized lineup, spelling Baxter or helping tutor Wilcax.

Wilcax, a 6-10, 220-pound blue-chip recruit ranked by many as one of the best prep talents in the cauntry, should more than adequately provide the depth that sometimes was lacking in the post last seasan, and could capably challenge for significant playing time.

Capping the cantingent at center and adding to the list of local stars is fellow freshman Matt Slaninka wha, at 7-4 and a product of the fabled program at DeMatha High, certainly will be looked upon for quality minutes in the future.

# SEASON AND SCHEDULE

All things considered, Williams and Maryland have ample reason to be eager and excited about the B2nd season of Terrapin basketball. The Terps are talented, and chemistry is what helped lead Maryland to maintaining its national status a year ago. Maryland is an unselfish, autstanding passing and defensive team which has benefited from its quality schedule and which hopes this year to move from being a good team to being a great team.

"One of our strengths was that we were a good passing team last year, and we should continue to be that," said Williams. "In college basketball, your ability to play tagether is becoming more important. That's probably the best thing we did last year. If we can continue to improve those things just by being a year older, we'll be very difficult to play against. We have good size and depth up front which should allow us to play physically."

"Unless we get lazy, we shauld be a goad defensive team again, tao. Defense is a gradual, learning process and we shauld benefit from being tagether last year as a team. As peaple tell you how goad of a team you're gaing ta be, there's a tendency to think that you can just autscare everybady because you're talented. But the real goad teams get better and their defense continues to get better as seasons go along."

Thase aspirations of becoming a great team will be tested early, and often, with what shapes up as one of the country's premier preseason schedules – o trip to Hawaii in November to jain Arizana and Connecticut, among others, at the Maui Invitational; a trip to Big Ten country against 2000 Final Faur participant Wisconsin as part of the ACC/Big 10 Challenge; a pair of games lacally at the MCI Center, jained by George Washingtan, Michigan and St. Jahn's in the BB&T Classic; and a February non-conference tilt at Cale Field House with Big 12 foe Oklahama. Oh, yes, and let's not farget that 16-game ACC schedule.

Hoops fans in the Baltimore/D.C. area certainly will have no shartage of excitement with Maryland basketball this seasan. And if Williams & Ca. have their wishes, Terp excitement will cantinue grawing – through the ACC and taward many additional crowning achievements.

# RANKINGS APLENTY

Maryland begins its 2000-01 season with unprecedented preseason expectatians. Never before have the Terps returned five starters and three returning All-ACC first teamers (Terence Morris 1999, Juon Dixon-2000, Lonny Baxter-2000). All three have also been tabbed as preseason condidates for both the Naismith and Wooden Player of the Year Awards and the Terps are assured of their fourth Top 10 preseason ranking.

Previous Terp Tap 10 preseason ronkings by the Assaciated Press: 1971-6, 1972-3, 1973-4, 1974-4, 1975-3, 1976-8, 1980-4, 1983-8, 1994-7, 1998-6.

## WILLIAMS KEEPS COUNTING

Boasting more than 20 wins in five of his lost six seasans at Maryland, **Gary Willioms** is the 29th winningest active coach in the nation (424-256), entering his 12th year at Maryland and his 23rd year as a head caach overall.

Williams surpassed the 400-win plateau overall last season, and eclipsed the 200-win barrier while at Maryland, in a 72-66 win over Kentucky. He is 11 ACC wins shy of becaming just the ninth caach in history, and just the secand fram Maryland, to record 100 conference victories. He enters the 2000-01 campaign ranked 10th all-time among ACC coaching victories overall (217-128), and 12th in ACC league wins (89-83).

## NATIONAL HONORS TRID

Forward Terence Morris was the 1999 Preseason ACC Player of the Year by several publications, but by season's end last year, guard Juan Dixon and center Lonny Baxter had risen to heights rivaling their star teammate. An All-ACC second team pick in 2000, Marris snubbed the NBA Draft to return far his seniar compaign as one of the nation's best and mast-recagnized all-around talents.

The tria represents ane of the most dynamic threesames in the cauntry. All three boast distinction as All-ACC first team picks during their sophamare campaigns, and all three have been named as preseasan candidates for the 2001 Naismith and Woaden Player of the Year awards.

# STREAK'S NEW DECADE

Maryland has not last a non-conference hame game in aver a decade – not since falling ta Cappin State an Dec. 12, 1989 in Gary Williams' first seasan as the Terps' caach. On Dec. 30, 1989, Maryland defeated Alcarn State ta begin what is naw the nation's langest non-conference home caurt win streak, 71 games.

Last year, the streak included a 72-66 home win aver Kentucky. This seasan's home slate includes a February noncanference bout with Oklahama. The streak will first be tested this seasan an Wednesday, Dec. 6 when Stony Broak visits Cale Field House. Tracking the streak:

## SEEKING HISTORY

Maryland has advanced ta a schaol-record seven straight NCAA Taurnament appearances – the Terps seek their eighth straight in 2001. During the last two seasons, the Terrapins have finished secand in the Atlantic Coast Canference in bath 1999 and 2000 – only Lefty Driesellcaached teams af 1974, 1975 and 1976 finishes secand ar better in the ACC in three straight seasons. The Terps can match that mark in 2001.

# BEST ERAS

The Terps' 74 wins in the last three seasons represent the best three-year stretch in Terrapin basketball history in terms af total wins. Likewise, Maryland's 34 ACC wins the past three seasons reflect the best three-year stretch of ACC victories. The Terps' 1998, 1999 and 2000 seasons also mork the first three-year period with consecutive daubledigit wins in ACC play.

Maryland needs at least 24 wins this seasan to assure the best faur-year stretch in the pragram's histary. The current faur-year mark is a stretch of 97 wins between 1972 and 1975.

A 20-win seasan in 2000-01 would match the school's best mark far cansecutive 20-win seasans, five between 1972 and 1976.

# 53 WINS

Maryland's 53 wins aver the past two seasons, in fact, are bettered by only six teams nationally:

School		Two Seosons	99-00	98.99
1. Duke		66-7 (.904)	29.5	37-2
2.	Michigan State	65-12 (.844)	32-7	33-5

	Auburn	53-14 (.791)	24-10	29-4
	St. Jahn's	53-17 (.757)	25-8	28-9

# ONE OF TEN

Maryland is ane af just ten schools to have participated in each of the last seven NCAA Taurnaments. Only Arizana, Cincinnati, Indiana, Kansas, Kentucky, North Carolina, Purdue, Temple and UCLA jain the Terps as teams that have campeted in each of the last seven NCAA men's basketball taurnaments.

### IN THE ACC TOURNAMENT

Maryland is the only team in the ACC that has advanced to the ACC Tournament semifinals in each of the last six seasans, the best streak in Terrapin history. Last seasan's ACC champianship game appearance was the Terps' first since 1984.

### MORRIS ON CAREER CHARTS

Terence Morris enters his senior season listed among Maryland's career Top 20 in seven different categories: blacked shats (5th), 3-paint field goals (10th), 3-paint field goal attempts (10th), steols (10th), rebounds (16th), field goal percentage (18th) and points (19th).

If Marris matches his 1999-00 output in each category, this is where he wauld finish his coreer among Moryland leaders: blacked shots (2nd), rebaunds (3rd), points (5th), steals (5th), 3-point field goals (7th) and 3-point field goals attempted (7th).

# OTHERS ON TERP LADDERS

Juan Dixon enters his junior campaign already listed 7th among Terrapin career steals leaders with 146 and within the school recard of 344 by Johnny "Ace" Rhades, a current member of the Harlem Globetratters. Dixon is 8th among leaders for 3-paint field gaals (85), also within reach of Rhades' recard 186.

MIKE MARDESICH AND TERENCE MORRIS

Lonny Boxter enters his third college season listed 8th omang Maryland blacked shat leaders with 103, and field gaal percentage at .549.

# PLAYMAKER BLAKE

Just a sophamore, **Steve Blake** enters his second Terrapin season after a freshman campaign in which he was secand in schaol history with 217 assists for the season. His 6.3 assists per game last year were third among all national freshmen. His 71 steals represented not only the seventh-best season figure in Maryland history, but a tie for the most ever by a freshman.

# MORE RECORDS

The 1999-00 season was a recard-breaking ane, ta say the least. Overall as a team, the Terps set single-season marks far field goal attempts, 3-paint field goals made and attempted, and blacked shats. Last year's Maryland team was second all-time in assists and steals in a season.

## CO-CAPTAINS AND EXPERIENCE

Maryland co-captains Mike Mordesich and Terence Morris have earned their posts as captains this season based largely an experience.

Mardesich, though largely unheralded and with zero starting assignments through three seasons, has played in every game af his career. His 101 consecutive games are within 31 games af breaking the Terps' all-time mark for games played (131 by Len Bias, 1982-86). They are 26 games of breaking the mark for consecutive games played (126 by Keith Baath, 1994-97).

Marris, meanwhile, missed last year's road game at Clemson to mark the only missed auting af his career. He has played 100 games entering his final seasan, one behind Mardesich.

HEAD CDACH (MARYLAND '68) I 2th Year at Maryland At Maryland: (217-128, .629) 23rd Year Overall Overall: (424-256, .624)

Milestones mounting and the almo moter's men's bosketboll program re-furbished and constructed to new heights, Gary Williams continues to drive Maryland toward the top of the college basketball world in his 12th seasan at the helm. Entering his 23rd seasan of college coaching overall, there is not much that Williams has not accomplished.

His 400th college victory, against Son Francisco in the 1999-00 opener, and his 200th on the Maryland sideline, in a home win over Kentucky lost season, speak volumes about success and longevity. Another success story during the Williams Ero at Moryland is obviously o coveted home court win streok over non-conference foes which now spons more than o decade – 71 games in all os the Terps enter the 2000-01 campaign.

Williams, inducted into the Moryland othletic hall of fame in 1999, hos placed his olma mater's program back among the top of the storied Atlantic Coast Conference. The Terps have become synonymous with Duke and North Carolino among the league's most dominant programs, and nationolly hove become a fixture among weekly polls. Under Williams' guidance, Moryland hos achieved o school-record seven consecutive NCAA Tournament appeoronces, and the Terps' 53 wins in the last two seasons ore bettered by only six schools nationally.

The decade of the 1990's was certainly a decode of resurgence for the Morylond bosketboll team. Since 1990, the Terps have soored to o level of notional prominence unmatched during the first century of the program. Included among the many superior accomplishments during the decade ond counting the 2000 season were: the school-record seven stroight NCAA Tournoment oppeorances (1994-00), four "Sweet 16" appearances, seven consecutive upper division finishes in the ACC including runner-up distinction in 1999 and 2000, a school-record 28 victories during the 1998-99 season, four NBA lottery picks, one nationol Ployer of the Year and one ACC Ployer of the Year.

Added for good measure are an NBA Co-Roakie of the Yeor in Steve Francis (2000), and o preseason top five ranking for the second time in three seasons, ond whot you have is a progrom and a cooch who have reached icon stotus.

Head coach Gary Willioms, who needs 11 ACC victories to become the ninth coach overoll and just the second from Maryland to reach the 100-win ploteau, is the

thread that ties the Terrapin program together. Williams' occomplishments during his 11-year tenure at Maryland have placed him and his program among the best in all of college basketball.

Williams led Moryland to o school-record 28 victories and a school-record 13 ACC victories during the 1998-99 season. The Terps finished the seoson ranked No. 5 by the Associated Press - the highest final ranking since the 1974-75 season and only the third time in school history that the program had earned a top five final national ranking. During the season, Maryland was ranked in the top five for a near-school record 14 weeks and peaked at No. 2 as it won its first 10 games of the season. Maryland's No. 2 seed in the NCAA Tournament was tied for the highest tournament seed in school history. Only four schools won more games than the Terps during the 1998-99 season.

A year later, in a 1999-00 secson that may have been one of Williams' greatest coaching accomplishments ever, he guided o "rebuilding" Terrapin team to 25 wins, a second straight second-place finish in the ACC and its first trip to the conference tournoment final since 1984. All with a freshman point guard, three first-year starters and only one senior (a non-starter) following the loss of three players to the NBA draft.

Three times, Willioms hos been voted as a national coach of the year finalist. In 1998, ACC Athlete Magazine voted him as the ACC Coach of the Year. He received the same honor from College Hoops Illustroted in 2000. He was honored as the district coach-of-the-year

28

in 1981 and in 1983 he was named as the Eastern Coachof-the-Yeor. Following Moryland's 1997 seoson, when the Terps advanced to the NCAA Tournoment and finished with o 9-7 record in the ACC, he was named as the Seaboard Regian Coach-of-the-Year by *Eastern Basketball*.

Willioms is the only head coach in school history to guide the Terps to eight postseason tournament appearances within his first 11 seasons. He is also one of only two coaches in school history to have directed his first two teams to winning records and to a regular season conference championship during the first six years at the helm.

Williams was hired on June 13, 1989. He inherited a team that had won only nine games the year before, and finished in last place in the ACC. Williams displayed his coaching abilities immediately. The Terps won 19 games and advanced to the second round of the Notional Invitation Tournament, moking Williams the first coach in

schaal histary to lead a team into the pastseasan in his first seasan. In additian, Maryland's 10-game improvement in the win calumn during Williams' first seasan was the largest in schaal histary and second largest in the annals af the ACC by a first-year caach. Only the legendary Press Maravich, who improved NC State's winning ledger by 13 games in his inaugural seasan (1965), can baast a higher first-year improvement in the win calumn.

Williams has led teams to pastseason play at each stap an his coaching resume – American University, Bastan College, Ohio State and Maryland.

Williams is the only coach to direct programs in the three most pawerful conferences in callege basketball – the Atlantic Caast, Big East and Big Ten. During Williams' combined 18 years in those three conferences, the national champion has come from Williams' league six times (three in his 10 years in the ACC, twice in his four years in the Big East and once in his three years in the Big Ten.)

the Terps' starting point guard from 1964-67 under head coach Bud Millikan. He served as team captain during his senior seasan. It was as a player in the ACC that Williams developed his basketball philosophy. He studied the game under Millikan, and it was then that he developed his penchant for the full-court pressure defenses for which his teams are now known. He learned his half court man-to-man defense fram Millikan, who learned fram the legendary Hank Iba. The fast-breaking offense that Williams' teams employ is similar to the style Vic Bubas' Duke teams used when Williams was a player.

**Coaching Staff** 

Williams began his coaching career as a graduate student at Maryland under a future bass, Tom Davis. Williams was Davis' assistant caach far the Maryland freshman team during the 1969 season. The team finished with a 12-4 record.

After earning a degree in business, he continued his coaching career as an assistant at Woodrow Wilson High School in Camden, NJ. After one year, he took over as the head coach and guided his first team to a perfect 27-O record and the state title. Williams has called that season "the ultimate – there wasn't another game to win."

Williams spent one more year at Wilson before accepting an invitation from Davis in 1972 to become an assistant at Lafayette College. While an assistant at Lafayette, Williams also served as the head soccer coach. In 1978, Williams accompanied Davis to Bastan College. After one year there, Williams became the head coach at American University.

Williams immediately began making his mark. His 1981 squad set the still-standing school record far victories with a 24-6 mark, won the East Caast Conference championship, and played in the NIT. Williams was named the district coach of the year. American returned to postseason play the next season as the Williams-led Eagles went 21-9 and played in the NIT far the second consecutive year. Only once prior to Williams' arrival had AU gane to a postseason tournament, and the Eagles have not returned to postseason play since. Williams' fouryear record at AU was 72-42.

In 1983, Williams succeeded Davis at Boston College. He was once again an instant success, posting a

25-7 record and leading the Eagles to the regular season champianship of the Big East in his first season. Making his first appearance in the NCAA Tournament, Williams directed the Eagles to the "Sweet 16." He finished third in the ballating for national coach of the year, and was honored as the Eastern Coach of the Year by his peers. He went on to duplicate that NCAA Tournament success again in 1985, when he again led Boston College to the "Sweet 16."

In 1987, Williams accepted the head coaching job at Ohia State, becaming the 10th basketball coach in that school's illustriaus history. He succeeded Eldan Miller and once again enjayed success. In three years, the Buckeyes made three postseasan appearances. His first squad defeated then-No. 1 and unbeaten Iawa (coached by Tam Davis) in the regular seasan, in what would be the first of many giant-killings. During Williams' three-year term at Ohia State, OSU defeated a second-ranked Purdue team, perennial power Kansas and highly regarded Big Ten pawers Michigan and Illinais. Each of Williams' three Ohia State teams advanced to pastseasan play, and he laid the groundwark for the highly successful teams that follawed when he left Columbus for College Park.

#### ASSOCIATE HEAD COACH (MARYLAND '75) I 2TH YEAR AT MARYLAND

Billy Hahn, wha has played an integral role in the outstanding success of the Maryland basketball program, is in his 12th season on head coach Gary Williams' staff. He became a member of the Terps' staff in July, 1989 as he was the first assistant hired by Williams after he was named head coach.

ching Staf

Hahn was named associate head coach in 1997. He serves as ane of Maryland's twa primary recruiters and is the Terps' chief appanent scout in additian ta his on-theflaar coaching and administrative duties.

Hahn is ane of only two players in Maryland basketball history to play and caach in the NCAA Taurnament. He has also been a part of the two winningest teams in school history. He played on Maryland's 1974-75 team that finished with a 24-5 record (82.8 winning percentage) and caached Maryland's 1998-99 team that won a schoolrecord 28 games and had a 28-6 record (82.4 winning percentage).

Hahn's recruiting successes have helped Maryland enter the ranks of the elite in callege basketball. His enthusiastic attitude and layalty to the University of Maryland make him a magnificent ambassadar far the program.

He has earned the reputation as ane af the top recruiters in the natian as evidenced by Maryland's turnaround during his tenure. The Terps have played in a schaalrecard seven consecutive NCAA Tournaments, finished faurth ar higher in the ACC regular seasan standings in a near schaol-recard seven cansecutive seasans, and established school records far overall victories (28 in 1998-99) and ACC victories in a seasan (13 in 1998-99).

The Terps are ane of only twa teams in the ACC (alsa North Caralina) and ane of only 10 teams nationally which have played in each of the last seven NCAA Tournaments. In additian, Maryland is one of anly five programs nationally to advance to the "Sweet 16" in at least four of the last seven seasons.

Hahn's tireless wark as a recruiter has attracted nationally ranked recruiting classes to College Park in each of the last eight seasans. Clark Francis of *HoapScoop* magazine ranked Maryland's 1998 recruiting class as the thirdbest in the nation and each of Maryland's last five classes have ranked among the nation's tap 20.

A veteran in the collegiate caaching ranks, Hahn's 26 years af collegiate coaching experience is evident in all ospects of his professional life. His recruiting plans are well thought out and his scauting reparts are among the best in the nation. Maryland is one of the most prepared teams in the country each time it takes the court.

His hard work and dedicatian as a recruiter has propelled him into the spatlight. Hahn was named one of the tap 10 recruiters in the eastern United States by *Eastern* 

Basketball. Said EB: "The former head caach at Ohia University helped carral the Terps' 1996 seniar class which was the backbone of Maryland's reversal of fartunes."

The Terps' roster of players during his career at Maryland reflects his recruiting prawess. Hahn's national and lacal recruiting knawledge helped in the evaluation of former All-ACC players Exree Hipp, Mario Lucas, Johnny Rhodes and Duane Simpkins - faur players wha helped Maryland return to the Tap 10 and the national spatlight. Hahn was instrumental in recruiting Maryland's class of 1999 - a class that included Laran Profit, Terrell Stokes and Obinna Ekezie. Prafit and Ekezie were bath second round draft choices while Steve Francis was the No. 2 averall selection in the 1999 NBA Draft. Maryland's 1998 class included Francis and McDanald's All-American Danny Miller. Last seasan's raster included three players - Steve Blake, Tahj Holden and Drew Nicholas - wha were allstate high schaal performers, and this season's raster adds Narth Carolina blue-chipper Chris Wilcox.

Priar to joining the Terps' staff, Hahn was the head coach at Ohio University for three years. He campiled a 42-45 recard and pasted twa winning regular seasons. He led Ohia ta the Mid-American Conference Taurnament champianship game in 1988. He recruited and coached Paul Graham, the MAC Player-of-the-Year in 1989. During his head caaching tenure, 100 percent of his senior players earned their degrees.

His caaching expertise was also an display in 1995 when he filled in far Gary Williams, who missed four games with pneumania. It was during this time that Hahn drew nationwide praise as he guided the Terps to a 2-2 recard He coached the Terps to a 94-92 victory at Duke, a 71-64 victory aver Flarida State in the first round of the ACC Tournament, and into overtime against Na. 2 ranked Narth Caralina in the ACC tournament semifinals and against Virginia during the regular seasan. Maryland's victory over Duke clinched a tie for the ACC regular seasan champianshin

Hahn began his college caaching career immediately fallawing his playing days at Maryland His first stop came at Marris Harvey Callege in West Virginia (1975-76). He maved on ta Davidson College (1976-77) and the University of Rhode Island (1977-80) and served six years as an assistant at Ohia. He became the head caach at Ohia in 1986. At each of his first three caaching staps, he successfully recruited and caached future NBA draft choices.

Priar to his appaintment as head caach at Ohia in 1986, he was an assistant caach at Ohia under Danny

Nee. He served as the 8obcats' primary recruiter during that span and landed the schaal's all-time leading rebounder and all-time assist leader. Hahn recruited and coached two future NBA draft choices and the 1985 MAC Player-of-the-Year. While Hahn was an assistant, Ohio posted a schaal-record four 20-win seasons, won twa conference tournament championships, earned two trips to the NCAA Taurnament and played in ane NIT.

Hahn is a 1975 graduate of the University of Maryland. While an undergraduate, he was a three-year varsity letterwinner on three of the best basketball teams Maryland has fielded. He was a freshman in 1971-72 when the Terps won the National Invitation Taurnament; he was a key reserve on the team that lost what is cansidered to be the greatest game in ACC history (Maryland's 103-100 overtime setback against NC State in 1974), and he was captain of the team his senior year when the Terps wan the ACC regular season championship and advanced to the Midwest Regianal finals of the NCAA Tournament.

He earned the Alvin Aubinoe Award for "Greatest Career Contribution" fallowing his senior season. Maryland fashioned a 70-19 overall record during his playing career. The Terps finished with a 24-5 record and won the ACC regular season champianship his senior season.

Hahn has become a very accomplished seminar and banquet speaker. He has delivered numerous mativational speeches to area businesses and at many graduations.

#### ASSISTANT COACH (MARYLAND '90) 5th Year at Maryland

Dave Dickerson's four-year tenure as on assistant coach at Maryland has coincided with four af the most successful years in the histary of the program. The Terps have mode four NCAA Tournament appearances, finished in the top half of the ACC four times and been ranked among the nation's top 10 each season. During Dickerson's first four years, Maryland posted a 95-38 record (.714 winning percentage).

hing Staff

Overall, Dickerson's ten-year coaching career has resulted in 10 straight winning seasons and five postseason appearances.

Dickerson jained head coach Gary Williams' staff prior to the 1996-97 seasan and immediately began putting his stamp onto the program. During his first season, Maryland defeated three ranked teams and was ranked as high as No. 2 during the season. In 1997-98, the Terps advanced to the "Sweet 16" of the NCAA Tournament, and recorded 21 victaries with wins over No. 1 North Carolina and No. 2 Kansas.

In 1998-99, Maryland wan a schaol-record 28 games, a school-record 13 ACC games and once again advanced to the "Sweet 16" of the NCAA Tournament. During the season, the Terps captured championships of the Puerto Rico Shootout and the BB&T Classic and advanced to the semifinals of the ACC Tournament for the third consecutive season.

Dickerson's success as one of the nation's top recruiters has been a major part of Maryland's accomplishments on the court. Each of his first three recruiting classes were ranked among the nation's best. He was instrumental in attracting the Terps' 1997 and 1998 recruiting classes, both of which ranked in the top 10 nationally. Maryland's 1998 recruiting class was ranked third in the nation by Clark Francis of *HoapScoap* Magazine. The Terps' 1999 recruiting class contains three of the nation's top players at three different positions. In 2000, Dickersan helped land Raleigh, N.C., sensation Chris Wilcox.

Dickerson's scouting and recruiting abilities allowed Williams to gain an early evaluation of All-America guard Steve Francis. Francis was the No. 2 overall selection in the 1999 NBA Draft and finished fourth in ACC Player-of-the-Year voting last season.

It has been Dickerson's nationwide emergence on the recruiting trails that has allowed him to rise so quickly up the coaching ladder.

Prior to coming to Maryland, he was an assistant

coach at Radford University. The recruiting classes he helped assemble at Radford were ranked among the nation's best. The 1994 season saw the Highlanders compile a 20-8 record and a school-record winning percentage of 71.4. The 20 wins are tied for the second-highest total in school history. "Lonny has a great wark ethic. He impraved after his freshman year. He really did in the off-season what he had to da ta get ready ta play this past season. He's a very strang, physical player. He's a very taugh player wha hates ta lase, but I think the key thing far Lanny is he never really feels that he's reached a certain level. Even thaugh he made first team all-league, he still wants to work on his game and improve same things. I agree with Lanny. Even though he had a great saphamore year, he has a tremendous up-side to his game. There ore a lat more things on the court I expect him to da. He will continue to expand his role before we get into his senior year."

#### WILLIAMS ON MOUTON

"Byron had a very good year lost season in terms of contributing to the team. What I learned about Byran is how much he loves to play basketball. He really enjoys the competition, even in practice situations. I think Byron gives us the depth in the back court that we might nat have had last year and he gives us a physical presence. He's our biggest guard and he's a tough guy and potentially a very gaad defensive player. In practice he's shown he really can scare, so hopefully he'll transfer that into the game."

#### WILLIAMS ON BLAKE

"Steve come in under a lat of pressure last year because he had to play. Losing Steve Francis and Terrell Stakes, that left Steve as the only pure point guard in the program. To come in and da what he did as a freshman in terms of being tough with the ball and playing goad defense, it was a big plus for us last year. It was critical to our success. His offense really got stronger as the year went on. He's storting from a very goad position this year in terms of what he can da as a paint guard. "Tahj was great as a freshman. I can't say enough about him. I never saw as much criticism af a player before he even gat a chance to practice by some people, and he just threw it all in their face. Tahj is a very tough, physical player who had a lot going against him in high school. He abviously can shaot the ball at 6-10 and 247 pounds. Plus, he's going to continue to get bigger and stronger. He certainly has a chance to be a very goad player at University of Maryland. It was great to see him happy with the year he had as a freshman, and he'll build on that during his saphamare year. CHAPEL HILL, N.C. - North Carolina avaided its first five-game lasing streak since 1952 as Brendan Haywood matched his coreer-high with 24 points in a 75-63 victory over No. 21 Moryland.

Maryland led by as many os 11 paints in the first half and seven at halftime, but the Tar Heels stormed back in the early partian of the secand half to end a stretch of six losses in nine games. Maryland made 1D of its first 17 3-pointers, but a 14-0 North Carolina run midway through the second half turned the game around and put the Tor Heels up 59-50.

The Terrapins closed to 62-60 with 5 34 left on a 3-painter by Juan Dixon, who scored 22 paints, but then the 7-foot Haywood became a farce. After an affensive rebound and fallow by Julius Peppers, Hoywood had a fallow slam an its ensuing passession, farced a turnaver on the defensive end and nailed two free throws as the Tor Heels went back up by eight with 3:20 remaining. They clased the game with a 13-8 run.

The game was pushed back 24 hours because of a 20-inch snaw starm that hit the area, and many of North Carolina's regular fans were absent. That meant students, the majarity of which usually sit in the upper deck of the Smith Center, were allowed on the lower level and the increased naise seemed to aid the Tar Heels early in the second half.

## GM 23 . MARYLAND 98, DUKE 87

DURHAM, N.C. – Maryland got 31 paints from Juan Dixon and two key 3-pointers late by Terence Morris in defeating Duke, 98-87, to snap Duke's record 31-game Atlantic Coast Conference winning streak.

Duke had the nation's longest winning streak snapped at 18 and last in Comeron Indoor Stadium for the first time since Jan. 11, 1997 against Wake Forest – a span of 46 games.

Dixon's point total matched a career high, while Lonny 8axter added 22 points and Marris had 20 as the Terropins tied Narth Carolina for second place in the ACC. The game was tied 83-83 when Marris hit a baseline 3-pointer with 3:27 left to give Maryland the lead for good. A minute later, he made another shot fram beyond the orc and the upset was brewing.

Dixon helped seal the win with three fouls shots over the final 31 seconds as the Terrapins outscored Duke 15-4 down the stretch. Neither team led by more than seven points until the final two minutes in arguably the best ACC game of the year as both teams shot 53 percent.

Duke mode 13 of its first 17 shots, but unlike most of its wins during the Cameron streak, the 8lue Devils couldn't knock out their opponent, turning the boll over 12 times in the opening 20 minutes. Shone Battier played all 40 minutes and led the Blue Devils with 28 points.

#### NCAA TOURNAMENT FIRST ROUND GM 34 • MARYLAND 74, IDNA 59

MINNEAPOLIS, Minn. - Junior All-American Terence Marris had 22 points and 12 rebounds as third-seeded Maryland ran all over 14thseeded Iona, 74-59, in the first round of the NCAA Tournoment.

Morris had 14 points and 10 rebounds by halftime when the Terps led 3B-25. Moryland raced to a 23-4 lead after the opening tip.

The Terps' lead was 60-32 midway through the second half when the Goels made it respectable behind Tarig Kirksay, the player of the year in the Metro Atlantic Athletic Conference, who scared 20 of his 24 points ofter holftime. The Goels pulled within 12 points on Kirksoy's 3-pointer just inside the two-minute mark but that was as close as they got.

Maryland forward Danny Miller sat out with a sprained left ankle. Hurt in the final of the Atlantic Coast Conference tournament, Miller's injury forced the Terps to rely heavily on freshmen Tahj Holden in big lineups and Drew Nicholas in three-guard sets.

#### NCAA TOURNAMENT SECOND ROUND GM 35 . UCLA 105, MARYLAND 70

MINNEAPOLIS, Minn. - UCLA put on a stunning offensive display in a 105-70 victory over Moryland in the second round of the NCAA Tournament, Earl Watson had 17 points and a school-record 16 assists os the sixth-seeded Bruins connected on six fearsome olley-oops, o schoolrecord 14 3-pointers and absolutely everything in between.

The key to everything was Watson, who was heavily criticized earlier this season for his point guard play. He answered all of his detractors with a dominant performance that awed the Metrodome crowd and his teammates alike. His assists also set a Midwest Regional record and tied the NCAA Tournament record for assists in a first- or second-round game. As if that wosn't enough, he was 5-of-6 on 3-pointers.

The Bruins closed the first holf with a 22-7 run and made a 16-2 run to start the second half, going up 76-41 just seven minutes after halftime.

UCLA shot 74 percent before the final minutes and also played impressive defense, limiting Juan Dixon, who made seven turnovers, to 16 points on 6-of-18 shooting. Lonny Baxter had 22 points and 10 rebounds for the Terropins. Moryland failed to reach the round af 16 for just the third time in the last seven seasons.

WASHINGTON, D.C - Buoyed by three first and second round draft picks from Washington, D.C.'s MCI Center at the 1999 NBA Draft, Maryland and Gary Williams have asserted themselves in recent years among the most prominent schools in developing NBA tolent.

What's more, Maryland's Steve Froncis, the No. 2 pick in that '99 draft, went on to become the NBA's Co-Rookie of the Year last season, Joining Francis in the '99 droft bananza were teammates Obinna Ekezie and Laran Profit, giving the Terps three selections in a single draft for the fourth time in school history. Chosen by the Voncouver Grizzlies to give Moryland three lattery selections in just on eight-year spon, Francis was traded in the preseason to the Houston Rackets for whom he led all NBA rookies with 6.6 steels in 1999-00, and was the second-leoding rookie scorer with 18 paints per game.

Speculation raged before the '99 draft that the Chicogo Bulls, with the No. 1 overall selection, would select Francis, Had Francis been the No. 1 overall selection, Moryland would have became the first school in NBA history to have three No. 1 selections. Previously, John Lucos was the top pick by the Houston Rockets in 1976 ond Joe Smith was picked first by the Golden State Warriors in 1995

The Terps' draft windfall brought to four the number of all-time Moryland lattery selections - tied for eighth among oll NCAA schools. Francis' selection with the No. 2 overall pick brought to three the number of lattery selections at Maryland under head coach Gary Willioms. Overall, five Maryland players and seven overall since 1987 have played for Gary Williams and become first-round draft picks with guaranteed contracts.

Since Williams' arrival at Maryland to begin the 1990 season, a total of 10 players (an average of ane per seoson) have begun their prafessional careers as NBA droft choices. During his coreer, an incredible total of 23 players (on overage of more than one per year) have been NBA droft choices.

## "Strive for clarity, but accept and understand ambiguity."

That phrase captures one way in which an educated person approaches the world and its challenges. Students who graduate from the University of Maryland have been exposed to the tools that allow them to put that perspective to work. Imparting such a perspective may be an ambitious project for undergraduate education, but to aim for anything less would be unworthy of a great university's goals for its students. Ten years ago, Promises to Keep, a plan for undergraduate education at Maryland, articulated those goals so eloquently we repeat them here.

Undergroduate education at Maryland "aims to provide students with a sense of identity and purpose, o concern for others, a sense of responsibility for the quality of life around them, a continuing eagerness for knowledge and understanding, and a foundation for a lifetime of personal enrichment."

COL STAL

NATES .

As we learn with and from one another, we try to "develop human values," "celebrate tolerance ond foirness," "contribute to the social conscience," "monitor and assess private and collective assumptions," and "recognize the glory, tragedy and humor of the human condition." Your years at the University of Moryland can provide you with all the tools you need to accomplish these goals. Students here ore "educated to be able to read with perception and pleasure, write and speak with clarity and verve, handle numbers and computation proficiently, reason mathematically, generate clear questions and find probable arguments, reach substantiated conclusions, and accept ambiguity."

And we also hope you enjoy the journey.

## The Campus

The University of Maryland, College Park, is the most comprehensive institution of higher education, research and service in the state. The university offers 100 undergraduate majors, 88 master's programs and 69 doctoral programs in 13 colleges and schools.

The university is one of only 30 public research universities that are members of the prestigious 58-member Association of American Universities. It is classified as a Research-1 university by the Carnegie Foundation by virtue of the range of its baccalaureate programs, the amount of federal support received and the number of doctoral degrees awarded each year, sharing that honor with the top research universities in the country.

Among the public universities in the Association of American Universities, Maryland ranks among the top in percentage of African-American undergraduate students. In addition, the university has the largest number of African-Americans and other minority members among its peers.

## **Flagship Status**

In 1988, the University of Maryland, College Park, was designated as the flagship institution for the University System of Maryland. As well as pursuing a serious research mission and continuing its high level of service to the state, the university rededicated itself to providing the highest quality graduate and undergraduate education. Increased undergraduate opportunities for research and individual study; the development of the College Park Scholars Program and the expansion of the University Honors Program; the genesis of Honors Humanities and Gemstone; the creation of CORE, the general education program; and the establishment of the Center for Teaching Excellence all affirmed the legislature's designation of flagship.

## Libraries

Seven libraries make up the University of Maryland library system: McKeldin (main) Library, Architecture Library, Art Library, Engineering and Physical Sciences Library, Hornbake Library, Performing Arts Library, White Memorial (Chemistry) Library.

These libraries constitute the largest university research library institution in the Washington metropolitan area, providing vital resources to researchers, visiting scholars, and businesses throughout the region. The libraries' holdings include more than 2.5 million volumes, 24,000 subscriptions to periodicals and nearly 5 million items available in microfilm format.

## Research

Opportunities for conducting research abound at the University of Maryland, College Park, and in the surrounding area, both for faculty to advance their own expertise and bring their insights into the classroom, and for students to begin their exploration of their special interests with practical experience. On campus, special facilities and a number of organized research centers, bureaus, and institutes promote the acquisition and analysis of new knowledge in the arts, sciences ond applied fields.

The university's enviable location – just nine miles from downtown Washington, D.C., and approximately 30 miles from both Baltimore and Annapolis – enhances the research of its faculty and students by providing access to some of the finest libraries and research centers in the country.

## Service

Programs of public service are central to the overall mission of the university. The philosophy is reflected in the wide array of programs and initiatives that benefit the state's business, agriculture and education communities.

With more than 90 high technology firms in the three-county area of Montgomery, Prince George's and Frederick counties, the university has found abundant opportunity to extend its business and technology outreach programs to the region. Many of these programs are part of the Engineering Research Center, which operates the Jechnology Advancement Program and the Maryland Industrial Partnerships, programs designed to provide Maryland entrepreneurs and small businesses with research facilities, technical assistance, administrative support, and access to technology that will advance their economic base.

The Institute for Systems Research has formed partnerships with major corporations, including Lockheed Martin, Westinghouse, BF Goodrich, Hughes Aircraft and Dupont to apply advanced systems research to solving industry problems in the fields of communications, manufacturing, controls and robotics.

The University of Maryland features a diversity of cultural and recreational activities. Four art galleries, more than 200 annual musical performances and countless dance and theater productions, expose audiences to the broadest range of programs in the arts. And intercollegiate, club and intramural sports provide students of all levels an opportunity to participate as spectators or athletes.

## A Wired World

Students at the University of Maryland are part of an academic community that enjoys free access to networked computer resources and facilities that are among the best in the country. Free computer accounts enable users to store class work on a networked server, download classroom support materials and other electronic information from campus networked resources such as inforM, or send electronic mail to faculty, fellow students or friends at other universities.

## President C.D. Mote, Jr.

C.D. (Dan) Mote Jr. took office as president in Separate and friends grows rich in pride and tradition. tember 1998 with a clear vision for taking the University of Maryland down the home stretch to its destiny as one of America's great research universities.

Mote come to Maryland from the University of California at Berkeley, where he had earned oll of his degrees, and where he had served in faculty and administration more than 30 years. He had most recently been vice chancellor for university relations.

In Maryland, he found a university already well on its way to achieving the greatness envisioned when the General Assembly declared it the flagship institution of the University System of Maryland. Mote immediately took a leadership role on the Governor's Tosk Force on Governance, Coordination and Funding of the University System of Maryland to gain greater autonomy and flexibility for the university to pursue its gools. He followed that by working closely with state leaders to boost university funding for new programs, scholarships and faculty, goining a 10 percent appropriations increase in his first year and matching that level of increase again in his second year.

Mote spelled out in his inauguration address his vision of Maryland as a great research university, where teaching and research are "inseparable." In this plan, the faculty creates a culture of excellence that permeotes the university, student success is the center of oll activity, and the extended Maryland family of alumni

Mote observed that "a decade ago, we dreamed the impossible - the great research university. Then we sought the improbable - the great research university. Soon we will grosp the inevitable - the great research university."

High ochievement has been Dan Mote's life, from his student days at the University of California at Berkeley, through his years as an outstanding teacher and world-renowned researcher and his leadership of a highly successful capitol compaign at Berkeley. He arrived in College Park determined to continue the same level of achievement in his new post

After earning his doctorate in engineering mechanics from Berkeley in 1963, Mote spent a year as a research fellow at the University of Birmingham in England, then three years as assistant professor of mechanical engineering of the Cornegie Institute of Technology in Pittsburgh before returning to Berkeley in 1967.

There he stayed for more than 30 years before coming to Moryland. He was promoted to professor in 1973

Mote served two terms as vice chair of mechanical engineering and served as chair from 1987 to 1991. At that time, he was appointed to the endowed FANUC Choir in mechanical systems, in addition to being named vice choncellor for university relations, the post he held until occepting the presidency at Maryland in 1998.

Mote has participated with distinction in every phase of the ocademic enterprise, including classroom teaching, working with students, basic research, applied research ond service to the university and the community.

Much respected by his students, Mote earned the 1971 Distinguished Teaching Award and the 1975 Pi Tou Sigmo Excellence in Teaching Award for the University of Colifornia. He has supervised the research of more thon 50 doctorol students, including several who are still in progress, and more than 60 master's theses. He has continued teaching and supervising graduote students even during his administrative assignments, and several of his graduate students from Berkeley commute to Moryland to meet with him as they finish their dissertations. Mote has stoted his intention to teach and work with graduate students at Maryland as well.

Mote's research activities have focused on dynamic systems, instrumentation, vibration and biomechanics. He has achieved international recognition for his work on the stability of gyroscopic systems, including high-speed translating and rotating systems such as circular and band saws, computer memory disks and tapes. He also has researched the biomechanics of skiing injuries and the development of safer ski bindings. His research has resulted in more than 300 scholarly publications as well os potents in the United States, Norway, Finland and Sweden.

A registered professional engineer in California, Mote has served in numerous capacities for professional societies, including the National Academy of Engineering (NAE), the American Society of Mechanical Engineers (ASME) and the American Society for Testing and Materiols (ASTM), and is co-editor of its biannual research series, "Skiing Trouma and Safety."

Mote's work has been supported continuously since 1962 by the National Science Foundation, and he also has received research fellowships from the Royal Norwegian Council for Scientific and Industrial Research. The American Society of Mechanical Engineers International elected him to honorory membership in 1975, and he has been elected as well to fellow grade in the International Academy of Wood Science, the Acoustical Society of America and the American Association for the Advancement of Science.

He was elected to the prestigious National Academy of Engineering in 1988, and in that same year was awarded the Humboldt Prize by the Federal Republic of Germony. In 1991, the Japon Society for the Promotion of Science owarded him a fellowship.

In 1992, he conceived, designed and implemented o \$1.1 billion comprehensive capital campaign, which hos exceeded \$1 billion to date.

By the end of Mote's second year at Maryland, the university's ongoing capital campaign, Bold Vision • Bright Future, had roised nearly \$300 million of a \$350 million gool, including such landmark donations as Clorice Smith's \$15 million for the Clarice Smith Performing Arts Center and Comcast Corporation's \$20 million for the Comcast Center.

But Mote has soid repeatedly that development and capital campaigns are not principally about raising money

"They ore about the university building relationships, with its alumni ond friends of the university through the quality people and quality programs on campus. If we succeed in building outhentic relationships, fund-raising hoppens as easily as the women's lacrosse team scores a goal.

Mote and his wife Potsy live in the President's Residence on the College Park campus. They have two grown children and four grandchildren.

Yow is in the seventh year of her outstanding tenure as director of athletics at the University of Maryland ... a year in which she also has assumed the presidency of the National Association of Collegiate Directors of Athletics, an organization with a membership of more than 6,100 athletic administrators representing 1,600 colleges and universities in North America and Mexico.

The comprehensive success of Terropin othletics under Debbie Yow's leadership is a clear and compelling testimony to her values of excellence, teamwork and accountability. Likewise, her election to the presidency of NACDA is an indication of the respect with which Dr. Yow is regarded in intercollegiate athletics and education in the U.S. and Canada.

In October 2000, Yow was named Female Sports Executive of the Year by the editors of *Street* & Smith's Sports Business Journal.

Also as a member of the NCAA Management Council and NCAA Division I Budget Committee, Yow presents a strong voice for excellence and integrity at the highest levels of intercollegiate athletics. In these national roles she has represented the University of Maryland and the Atlantic Coast Conference with a balanced and proactive voice.

Since taking over at Maryland in 1994, she ond her stoff hove:

#### NATIONAL SUCCESSES

The Terps enjoyed ocross-the-board success in 1999-2000, with the following varsity programs earning Top 30 rankings at one time or another during their respective seasons of competition, and two teams capturing national championships (field hackey, women's locrosse).

> Basketboll (Men's) Footboll Lacrosse (Men's) Locrosse (Women's) Field Hockey Golf Gymnastics Indoor Track (Wamen's) Outdoor Track (Women's) Soccer (Men's)

- Transformed Terrapin athletics into a responsive, gaal-oriented organization.
- Balanced all six of the nearly \$30 million annual budgets (the first bolanced budgets for the Terrapins in 10 years prior to her arrival).
- Greatly enhanced the academic support services provided to student-athletes, with an enviable exhausted eligibility graduation rate of nearly 90 percent during her tenure.
- Led the Terrapins to a national all-sports ranking in the upper 15 percent of all NCAA Division I institutions.
- Reorganized and upgraded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased 135% and corporate sponsorship revenues have increased by 270% during her tenure at Maryland.
- Implemented a strategic management model.
- Paid off approximately \$7 million in operating debt accrued before her arrival in 1994.
- Developed a comprehensive Internet strategy with management, marketing and fundraising applications.
- Significantly improved customer care in every area.

The Maryland Department of Athletics has made remarkable progress under Yow's leadership. Regarding the many achievements of Terrapin athletics over the past six years, Dr. Yow says, "We are pleased, but we are not sotisfied ... our vision is to be one of the top 10 programs in the nation consistently ... we see no reason to settle for less."

Yow is known for her gool-oriented and proactive management style. She consistently inspires and challenges those around her to "raise our sights and sharpen our tools ... to work hard and work smart ... to recognize that our only limitations are those that we place upon ourselves." As a monager and leader, she clearly models these principles. She was recently singled out by *Street & Smith's Sports Business Journal* os one of the leading athletic administrators in the U.S.

A former bosketboll cooch, she begon her coaching career at the high school level in North Carolina before toking over as head women's cooch at the University of Kentucky in 1976. She also achieved on outstanding coaching record as head coach at the University of Florida. She later moved into athletic administration at the University of Florida and the University of North Corolino-Greensboro, followed by a highly successful tenure as A.D. at Saint Louis University.

### Strength and Conditioning

In the highly competitive world of collegiate bosketball, the off-court preparation of the basketball athlete is a critical component in the on-court success of any Division I program. Kurtis Shultz, Maryland's strength and conditioning coach for men's basketball, believes strongly that a solid offcourt training program can dramatically improve levels of performance, as well as significantly reduce the chance of injury. The benefit of performing structured strength and power training throughout the entire year has allowed the Terps to reach new levels in physical development and, in turn, has resulted in great success on the basketball court.

Shultz's philosophy consists of allowing the players to gain strength, speed and change of direction capabilities through drills that are basketball oriented. He believes that the team must be prepared to run and play the up-tempo style of bosketboll that is Gary Williams' trademark. Shultz

trains the team so that it will be able to run Williams' style.

RASKETRALL WEIGHT FACILITY IS FULLY-EQUIPPED AND A PERFECT SIZE FOR TEAM TRAINING, LOCATED JUST DUTSIDE THE MARYLAND LOCKER ROOM.

The members of the men's basketball team have the use of a fully-equipped weight training facility located adjacent to its locker room in Cole Field House. The conveniently located facility has a complete line of free weight equipment as well as a full line of Cybex selectorized machines. The

strength staff utilizes this facility specifically during the season as basketball team members are personally trained after practice. Since the end of the 1998-99 season, the facility has been upgraded through the addition of new cardiovascular equipment and state-of-the-art lifting materials.

At the center of the plan for our future is a new, state-of-theart arena and home for Maryland Athletics, the Comcast Center. The Building Partners Campaign is the Department of Intercollegiate Athletics' effort to raise \$20 million in outright gifts toward the construction of the Comcast Center. Quality facilities attract outstanding student-athletes, great crowds and a tremendous amount of energy and excitement. The competition site for men's and women's basketball, wrestling, volleyball and gymnastics, Comcast Center will be the centerpiece of intercollegiate athletics at the University of Maryland. The venue will be the best in the

The primary mission of the Maryland Educational Foundation (MEF) is to provide scholarship endowment funds in support of the athletic department's annual athletic scholarship ex-

For more than 50 years, the MEF has provided financial support for Maryland athletics and is an important part of the department's gift-giving program. The vision of the MEF is to raise enough dollars through private gifts to build an endowment capable of permanently funding many of the university's scholarships now being awarded.

What is an endowment? An endowment is a gift in which the principal is held in perpetuity, with only the income used (in part or whole) for scholarships. ### Cole Field House

niversity of Maryland

Over the years, Cole Field House has played a substantial role in college basketball history. Twice the Final Four has been held there, and twice it has been a site far the opening two rounds of the NCAA basketball taurnament. Cole is the only on-campus arena to play host to multiple Final Fours. Over the years, as the Atlantic Coast Conference has grawn in stature as the preeminent college basketball conference in the cauntry, Cole has seen its share af memarable games and storied players.

As the state's flagship university and on important port of the Baltimore-Washington area's sports landscope, it has also served as the site far the state bays' basketball taurnoment, and housed one of the biggest high school games played in these parts, when DeMatho from nearby Hyattsville played host to New York's Power Memarial and Lew Alcindor, now Kareem Abdul-Jabbar.

In facusing on Cale's post, the temptotion is to averlook the present. Certainly, a lot of great games and great teams have performed there through the years. On any given weeknight ar weekend afternoon during the cold of the winter, the Terrapins and their spirited fans get the place rocking, and there's na better place for college basketball.

And few arenas have proven quite so dongerous - for apposing teams, that is. Since back in the early '70s, when Lefty Driesell gat the "Amen" chorus going, tap-ranked teams have found Cole Field House a particularly unfriendly place. Driesell served notice that Maryland wauld prove on ungracious hast during his tenure with on upset of then-No. 1 South Corolina in his second season in College Park. In 1979, the Terps come from behind in the final seconds to knock off top-ranked Notre Dome on national television in another memorable upset. This list goes on ond on. UCLA in 1982, Virginia in '83, and Corolina in '95 and again in 1998. All were No. 1 when they arrived at Cale, but were knocked off by the Terropins and the homecaurt advantage the building and the fans afforded them.

Though some of those victories might have been surprises, you cauld hardly call them flukes. The Terps have posted winning records in 39 of the 45 seasans they've played at Cole, and fans with seasan tickets have seen the Terps lase more than they've won in Callege Park anly ance since the 1969-70 season. Of course, mast of thase years, the Terps have done far better than just break even in College Park. Under head coach Gary Williams, a Maryland grad who played at Cole as an undergraduate in the late 1960s, the Terps have won at least 10 games at home 10 times in his 11 seasans. Thanks to the heroics of All-Americo center Jae Smith, the Terps went undefeated at home (16-0) during the 1994-95 season, the third time in history that had hoppened.

Overall, Maryland is 459-148 at Cale, including a 15-1 record at hame last season. In the past two years, Maryland has gane 28-2 in Cole.

Appropriately, the Terps opened their 1955-56 season with a victory over neighbaring rival Virginia in the building's dedication game. A crawd af some 9,000 came aut to see what kind of field hause cauld be built with \$3.3 million in those days. In the building's early years, capacity was only about 12,000, because there were no seats on the floor, below where the railings ring the court.

Nowadays, capacity is listed as 14,500, although that daesn't include the 96 courtside seats installed before the 1993-94 season. The largest recorded crowd (15,827) was on hand for the Moryland-Narth Carolina overtime thriller in 1972. But mare than that may have witnessed the Virginia game in March of 1974, which marked the final home game for distinguished seniors Tom McMillen and Len Elmore. Every seat in the place was filled, and thousands more lined the concaurse a couple of raws deep or simply sat in the aisles to witness the grand send-off. The fire marshal must have been an vacation. Or maybe he was there at the game.

In the building's faur decades, thaugh, the 1966 NCAA championship gome, which pitted Kentucky against underdag Texas Western (now Texas El Paso), is probably the most formous. And, the most histarically significant. In that game, the upstart Texas team, which featured an all-black starting five, knacked off all-white Kentucky, the New York Yankees of callege basketball. The result farced the southern calleges to

### University of Maryland

recruit and sign black players, lest they lase their campetitive advantage, and did oway with segregation in the sport.

Cole also hosted the 1970 Final Faur, which saw UCLA crowned as champian for the faurth year in a row in what would turn aut to be a run of seven straight national titles.

Great high school and prafessional games have been played on the Maryland campus as well. Back in 1965, Morgan Waatten was gaining national attentian for his winning program at DeMatha High School, just down Route 1 fram campus. To be the best, Waotten always said, yau had to beat the best, which is why he scheduled a game against Pawer Memorial of New Yark City, which featured Alcindor. After practicing in the week leading up to the game against a defender halding a tennis racquet to approximote Alcindor's wingspon, DeMatha stunned Pawer with a 46-43 victary. It was the anly loss of the future Hall af Fomer's high schaol career.

Far a time, Cale served as the site for the Capital Classic high school all-star basketball game each spring, and the Capital Bullets, wha later became the Washingtan Wizards, played their NBA games at Cale while waiting far the campletion of the Capital Centre back in the early 1970s.

In its time, Cale Field House has been much more than just anather on-campus college basketball arena. If you don't believe that, just ask any Terrapin fan ar player. But they'd probably all agree that it's the rale the building has played best.
